# General Setup Instructions

- Read entire setup instruction manual prior to unpacking parts and pieces.

- The setup instructions are created specifically for this configuration.

- Setup instructions are laid out sequentially in steps, including exploded views with detailed explanation for assembly.

# Cleaning & Packing

- For Cleaning Metal, Plex, & Laminate Parts: Use a **MILD NON-ABRASIVE** cleanser and soft cloth/paper towel to clean all surfaces.

- Keep exhibit components away from heat and prolonged sun exposure. **Heat and UV exposure will warp and fade components.**

- Retain all provided Packing Materials. All provided packing materials are for ease of repacking & component protection.

Part Identification - Numbering

Engaged Lock

# WARNING

DO NOT USE POWER TOOLS

ALL CONNECTIONS MUST BE TIGHTLY SECURED

# Disassembly

- For loss prevention, keep all knobs & connectors attached to extrusions during disassembly.

# Straight Connection

When assembling frame, first attach all straight connectors, then attach corner connectors.

1) Place extrusions end-to-end.

2) Loosen all knobs, then slide straight connector across the seam of extrusions.

3) Tighten all knobs to secure connection.

Straight Connector

Slide connector across seam of extrusions. Tighten all knobs.

All knobs must be tightened securely to ensure a proper connection.

# Disassembly

1) Loosen all knobs.

2) Slide connectors off of one extrusion.

3) Tighten knobs to prevent loss during packing & shipping.

Keep straight connectors in groove of extrusion. Do not remove connectors during disassembly.

# Corner Connection

1) Loosen knobs, then slide vertical extrusions onto corner connectors of **lower** horizontal extrusion.

2) Slide corner connectors of **upper** horizontal extrusion into grooves of vertical extrusions.

3) Tighten all knobs to secure connection.

## Disassembly

1) Loosen knobs on vertical extrusions.

2) Slide the vertical extrusions off of corner connectors on lower and upper horizontal extrusions.

*Upper Horizontal Extrusion*

Corner Connector          Corner Connector

Slide verticals over lower connectors.

Then slide upper connectors into groove of verticals.

Tighten all knobs.

Corner Connector          Corner Connector

*Lower Horizontal Extrusion*

Adjust connectors if necessary to prevent gaps in connection.

COMPLETED ASSEMBLY

All knobs must be tightened securely to ensure a proper connection.

TSP49 Profile

# SEG Graphic Installation *in 3 Steps*

*The Perfect Fit*

## STEP 1: *Attach Corners*

①    ③

Always insert graphic
into each alternate corner,
then into the sides of
the frame. Otherwise
the graphic will not fit
into the frame correctly.

④    ②

Insert narrow side of silicone welt into the channel at corner **1**, with fabric to the outside.

Repeat for opposite corner **2**, then corner **3**, then corner **4**.

## STEP 2: *Attach Middle*

①

③    ④

②

Once corners are attached, press the middle of edge **1** into the channel. Then press middle of edge **2** into the channel on opposite side.

Repeat with edge **3** & **4**.

To remove the graphic from the frame, locate the fabric **pull tab**. Gently pull on the tab to remove the graphic.

## STEP 3: *Attach Sides*

①    ②
⑤    ⑦

⑥    ⑧

③    ④

Once the middle of sides are attached, fully press the silicone welt into the channel, between center and corner at location **1**. Repeat the process between center and corner at location **2**.

Do the same for welt on opposite side, at locations **3** & **4**. Then repeat for locations **5** & **6** and **7** & **8**.

*Once the welt is fully inserted on all sides, smooth out edges as needed for a perfect fit.*

**PRESS** in.
**DON'T** *slide* or *push along edge*

*Install video:*

| 13 | 1 | 6" x 22" Base Plate w/ flange (left) |
| 14 | 1 | 6" x 22" Base Plate w/ flange (right) |

**Steps:**

*Refer to the Tool-less Frame Assembly general information page.*

1) Assemble vertical extrusions [1-2], [3-4], [11-12] & horizontals [5-6-7], [8-9-10] together, using Tool-less Spline Connectors labeled [X] & [Z].
2) Connect vertical assemblies [1/2], [3/4] between horizontal assemblies [5/6/7], [8/9/10], using Tool-less Corner Connectors labeled [A] & [C].
3) Install Base Plates [13] & [14] to bottom corners of frame assembly as shown. See Base Plate Attachment detail.
4) Lift frame to upright position, then connect vertical assembly [11/12] between horizontal assemblies [5/6/7], [8/9/10] using Connection Lock w/ Knob.
When assembled

**Assemble frame flat on ground.**

**＊ Tool-less Spline Connector**
1. Place extrusions end-to-end.

**X** = Straight spline
**Z** = Curved spline

2. Slide tool-less connectors across seam of extrusions.

3. Tighten all knobs to secure connection.

**＊ Tool-less Corner Connector**

1. Slide extrusion onto Corner Connector.
2. Tighten all knobs to secure connection.

**A** = 90° Connector

*Keep corner connectors attached to horizontal extrusions.*

**＊ Connection Lock w/ Knob**

*Knobs face **back** of assembly.*

BACK VIEW

**＊ Base Plate Attachment**

1) Place key hole over bolt on panel & slide down.
2) Twist knob to secure connection.
